Research Article Guideline for Faculties

1. The Paper Title and Preliminary Requirements

- **Title:** It should be printed in non-italic bold letters, capitalizing the initials of content words in the case of the use of Roman script for English Medium. It should not exceed 12 words.
- Name of the author, title, and Institution
- **Abstract:** This section should have a word range of 150 to 250 words in non-italic form with no indentation. The authors are required to include key objectives, methodology, results/findings, interpretation, and implications of the research in precise form.
- **Keywords:** The keywords line should begin indented like a paragraph under the abstract. *Keywords* should be italicized, followed by a space. The words themselves should not be italicized. They should not be more than 6 words.
- Page number at the top of the right-hand margin.

2. Body of the Article

The body of the article should be organized into the following sub-headings:

- I. Introduction:** It should establish context, concept, problems, objectives, and significance of the research, incorporating conceptual and theoretical underpinnings. The authors are required to enrich the concept by reviewing past and current literature.
 - II. Methodology:** This section of the paper answers two main questions: how were the data generated? And how were they analyzed?
 - III. Results/Discussion/Findings:** The author is required to present the data in tabular, graphic, verbal or textual forms concisely. A major purpose of this section is to break down the data into sentences that show its significance to the research question(s). The authors can create subheadings as per the requirements of the paper. It discusses and interprets the significance of the results/ findings. This section explains new understanding or fresh insights in light of what was already known about the research problem investigated. The authors can create subheadings as per the requirements of the paper.
 - IV. Implications and Conclusion:** This section includes the learning from the results (reflections), implications, and shortcomings of the study on what the paper is based.
- References:** List the sources referred to in the writing applying current APA format.

Appendix/ices include the large data used in the research, research tools- such as questionnaires, interview schedule/ guidelines, check list, maps or images.

3. Typing

The authors are requested to use 'Times New Roman for English and Unicode (Kokila) font type for Nepali medium articles, 14/18 letter size for the title and 12/16 for the running text in black colour. Writing should be printed on one side of the paper with 1.5 cm line spacing, applying left alignment for the text and centred for the title having indentation of 0.5 inches. Margins should be 1.5 inch left and 1 inch on the right, top, and bottom.

4. Editing

The editorial board manages the editorial process on the basis of guidelines.

5. Citation and Referencing

Article writing format should follow the APA 7th (Current edition) style of citation and references.

6. Plagiarism

Authors should include the Plagiarism Report using Turnitin software with the article. Similarities below 20% can be accepted. Articles will be checked with AI detection tools.
